Whether you're a mum, dad, single parent family, step parenting or a carer, the Triple P Positive Parenting Program can help you with a specific problem, or provide tips on parenting and help with understanding your child's development and behaviour.

The Triple P Positive Parenting Program gives you the tools to:

- encourage behaviour you like from your child
- deal positively and consistently with problem behaviour
- take the stress out of parenting.

Triple P can also help to develop family relationships, assisting children to reach their full potential.

Developed by the University of Queensland Parent and Family Support Centre, Triple P parent groups have helped families in Australia and throughout the world for more than 30 years.

Places are limited, so bookings are essential.

Priority will be given to parents/carers of children attending Pendle Hill PS

Other families will be placed on a waiting list and notified a week prior to the commencement of the group if there is a vacancy available.
